

# Bull Station

Keep first aid, safety equipment, and necessary paperwork organized and conveniently accessible on the job site.

One leg is designed to accommodate a standard 5 lb. fire extinguisher and the other two legs feature hooks designed to hold items such as SDS binders, lockout kits, or first aid kits.

- Sturdy tri-leg aluminum construction
- Reflective DOT tape makes this highly-visible in low-light conditions
- Hydration cooler attachments sold separately
- Folds up for easy transport, convenient carry strap included
- 36 1/2"H x 12"W folded, 36" foot print open
- Weighs 13-lbs.
